

|   |   |
|---|---|
|    | <p><b>Single Source Procurement</b> - Let us handle gathering &amp; delivering all the materials for your project. <b>Factory-built substations</b>, substation storm-hardening &amp; prefabricated bus, all using 3D engineering &amp; design. <b>DIS-TRAN builds your substation in the factory and ships it to you complete.</b></p>   |
|    | <p>Protective relay &amp; circuit breaker test instruments; Insulation analyzers; SFRA; DGA &amp; Partial Discharge monitors. <b>NEW: F8 Relay Test Sets!</b> Doble offers products from the following subsidiaries:</p> <div style="display: flex; justify-content: space-around; align-items: center;">     </div> |
|    | <p>Coil Innovation specializes in the design, manufacture and sales of <b>air-core, dry-type reactors</b> that are utilized in the generation, transmission and distribution of electrical power as well as industrial applications such as electric arc furnaces.</p>  |
|    | <p>Substations &amp; High Voltage: turnkey, unitized skid &amp; modular substations, <b>mobile substations</b>. <b>Switchgear:</b> metal enclosed, medium voltage, full range of custom options. <b>Pad-Mt Primary Metering. Capacitor &amp; Harmonic Filter Banks:</b> metal enclosed, medium voltage, full range of custom options. Custom transformers and reactors. Custom, metal enclosed products and packages.</p>   |
|     | <p><b>Solid dielectric reclosers and switchgear;</b> SF6 Switches; Automatic-Transfer Controls and fault interrupters; cable terminations &amp; joints; epoxy products including, current limiting fuses, junction bars, apparatus bushings, transition modules, and splice boxes. <b>NEW: Viper-HV 72kV Recloser!</b></p>  |
|     | <p>Power transformers and shunt reactors, up to 765 kV 2050 kV BIL, 2,200 MVA capacity. Gas Insulated Switchgear up to 800 kV. <b>NEW: Battery Energy Storage Systems (BESS); STATCOM; SF6 and Dry Air Insulated MV Metal Clad Switchgear</b></p>   |
|   | <p>MAGNETRON provides <b>Transformers</b> built according to the most advanced manufacturing technology, using new materials of the highest quality. <b>Pad Mount, Pole Mount, Dry Type, Phase Shift, &amp; Variable Frequency.</b> 40+ years of manufacturing experience and processes developed by engineers inspired by concepts of manufacturing the best technologies worldwide.</p>   |
|   | <p>Our <b>American-made steel poles and towers</b> meet the specifications of the power transmission market with offerings <b>up to 765kV</b>. Nucor is the largest and most sustainable steel producer in the United States. <b>New Utah manufacturing plant announced!</b></p>  |
|   | <p>Substation instrument transformers. Substation Hook Stick and Gang Operated Switches. Solid Core Porcelain station post insulators. <b>New 69kV vacuum magnetically actuated circuit switcher!</b></p> <div style="display: flex; justify-content: space-around; align-items: center;">    </div>   |
|   | <p>Comprehensive generator, transmission, and distribution protection; distribution automation; control systems; telecommunications; precision timing; custom panels and enclosures; custom engineering services. <b>NEW: Blueframe DMA &amp; FLISR; SEL-T401L Ultra-High-Speed Line Relay; RTAC Axion Bay Controller w/ touchscreen; SEL-735 Touchscreen PQ Meter!</b></p>   |
|   | <p>Hot-line Meters measure current to 5000A in environments of 500kV, voltage up to 37,000V, direction of current flow, and power factor. Recorders for primary load and power quality studies.</p>   |
|  | <p><b>SCADA</b>, Distribution Management (DMS), Outage Management (OMS) &amp; Substation HMI. <b>FLISR (Fault Location, Isolation, Restoration); GIS Wizard; SmartVU 3.0 with advanced OMS &amp; DMS.</b></p>   |
|  | <p>Cardinal© and Harley© pumps and exchangers; cooling systems for transformers and generators.</p>   |

**PEAK Measure represents our manufacturers throughout AK, HI, WA, OR, ID, MT and UT.**

Exceptions: SEL represented in OR, WA, AK & N. Idaho. UT doesn't include SEL & SensorLink. MT does not include ITEC. HI doesn't include Nucor & Coil Innovations

Please send PO's, Requests for Quote (RFQ's) and general sales questions to the Inside Sales team: [orders@peakmeasure.com](mailto:orders@peakmeasure.com)

**Outside Technical Sales Team:**

John Bruns, Sales - 360-606-9353  
Sung Kim P.E., Sales - 206-618-9800

Drew MacMichael, Sales - 360-951-6157  
Tim Johnston P.E., Sales - 360-270-2112  
Andy Kivi, Sales - 509-592-6321

Eric Sagen, President - 509-432-9829  
Josh Greene P.E., Sales - 360-605-6833
